THE AWARD FRAMEWORK

Whilst the framework of this internationally recognised accreditation remains the same around the world, participants select self-identified areas of interest to pursue. Each young person develops their own unique Award programme that builds the character, skills and confidence needed to improve themselves and their communities.

The Award encourages them to step outside their comfort zone and develop positive habits that they will take with them for the rest of their lives.

WHERE IS THE AWARD DELIVERED?

The Award is delivered via hundreds of thousands of youth-focused partners and operators in a wide range of locations, from schools and custodial institutions to Scout groups, and refugee camps.

Although the Award's framework remains the same wherever it is delivered, every Award is itself unique and no two Awards are the same.

The Award is currently licensed in 120 + countries and territories. Find out more below.

THE FOUNDATION

The Duke of Edinburgh's International Award Foundation is the international charity that drives and encourages the Award's growth, access and impact across the globe. Working in partnership with organisations and governing bodies, we oversee the licensing of Award operators – including schools, youth groups, employers and custodial institutions – in more than 120 countries and territories. With our guidance, operators deliver the globally-recognised Award, which provides opportunities for 14 to 24-year-olds of all backgrounds, locations, cultures and abilities, to develop their interests, skills and life aspirations.

Our long-term aim is that every eligible young person aged 14 - 24 will have the opportunity to participate in the Award.

We aim to increase the Award's global access, reach and impact through:

- raising and granting funds to scale up operations and increase diversity,
 equity and inclusion
- campaigning to raise the profile of non-formal education and learning
- broadening our network of volunteers, operators and digital systems
- ensuring participation is affordable for all

When it comes to creating empowered citizens who will go on to solve some of society's biggest problems, we must acknowledge that many of life's greatest lessons happen beyond the classroom. The Award gives young people the chance to discover exactly that.

OUR KEY AREAS OF WORK

BEYOND LICENSING AND ACCREDITATION

Whilst one of our primary roles is to license the Award around the world, the Foundation is so much more than a franchiser. We work with our Operators Partners to drive global change in a number of key strategic areas.

FUNDING

We provide grants to operators in our global Award family to scale up their operations and/or carry out projects that enable even more young people to take part in the Award.

TRAINING

We provide licensees with advice and support, in the form of ongoing account management, training sessions, online training materials, and access to a global peer-to-peer discussion forum.

ADVOCACY

We partner with key organisations to increase global awareness of the value of Non-Formal Education and Learning and to improve the lives of young people.

GLOBAL PARTNERSHIPS

We actively work to build partnerships with organisations to deliver the Award around the world. Corporate Partnerships form an integral part of this portfolio.

RESEARCH

We conduct ongoing research into the Award around the world using multiple initiatives, such as satisfaction surveys, outcomes evaluation and work with external experts on projects, like our award-winning Global Social Value research.

OUR IMPACT

The value and impact of the Award extends far beyond the intrinsic benefits enjoyed by the young people.

We believe the Award framework can be a blueprint for investing in human capital, specifically strengthening resilience, improving global prosperity and helping the world's most vulnerable.

The Award does this through working in partnership with young people and their communities, encouraging them in finding their own development solutions.

Participation in the Award also directly enables young people to contribute to a number of the United Nation's Sustainable Development Goals (SDGs), including Quality Education and Decent Work and Economic Growth.

Our established impact measurement initiatives, developed alongside academic institutions and partners, have revealed that the Award has a direct, positive impact (both financial and non-financial) on the people and communities it touches. In 2022, the Award had a Global Social Value of £762 million.

- Support the development of a strategy to build a movement of Ambassadors (from our global Award alumni) as advocates on public policy, working with the Director and a consultant to shape how Ambassadors strengthen national advocacy and form a central part of our overall global advocacy approach.
- Deputising for the Director of External Affairs and Communications, providing senior advocacy support for the Foundation and wider Association as appropriate.
